SHORT DESCRIPTION

The OX-ON Cut Comfort 9300 is a highly cut resistant (cut D) glove for anyone at risk of cutting injuries.

The glove is a finger-dipped knitted glove made of polyester, nylon, and elastane, which makes it extremely durable and flexible. The palm and fingers are coated with nitrile and have a rough surface, giving you a secure grip.

The Cut Comfort 9300 contains cut resistant fibers, therefore reducing the risk of cutting injuries.
