SHORT DESCRIPTION

OX-ON Flexible Comfort 1308 is a well-fitting and comfortable glove that gives you a secure and good grip when, for example, you work with light lifting, simple assembly tasks and in warehouses. The palm and fingers of the glove are made with a thin, durable PU coating that provide excellent finger sensitivity. At the same time, the glove's knit is made of nylon, which ensures a perfect fit for anyone working with precision tasks such as carpenters or mechanics. The Flexible Comfort 1308 is silicone-free.
