Product Description

Protection of wheelchairs, car seats, and chairs with ABENA Pad – Breathable, washable for safe and comfortable days. Suitable for incontinent users. Extra but discreet security with a muted, dark-blue colour. The product has a liquid-safe barrier layer, which is also breathable. Optimal user comfort is ensured with an anti-slip material on the back, and a soft and comfortable surface.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used throughout the world. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

The product is fully breathable for the comfort of the user; also during long-time use. Helps maintain skin integrity.

The product has a very soft surface to ensure a comfortable fit.

Liquid-safe backsheet for added leakage protection.
