Safety Instructions And Warnings	Do not use for washing wool and silk.

### Instructions for use/application

Preferably wash with a full machine. Dose correctly in relation to soiling and water hardness. Using more detergent will not make laundry cleaner and is harmful to the environment. Lower the temperature of normal wash programs to protect the environment. If you are allergic to household dust, always wash bed linen at minimum 60°C. Regularly run a wash cycle at 60°C with a detergent that contains bleach (powdered detergent), and follow the machine manufacturer's recommendations for maintenance. Leave the machine open between each wash.
