FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

DIN CERTCO (Seedling) is a certification that guarantees that products comply with the EN 13432 standard. It is a symbol that products are either compostable or biodegradable, depending on what is stated in the logo.

The glass fork symbol guarantees that products have been tested in accordance with European legislation and approved for food contact. The symbol is mandatory on products used for food contact.

Can be custom printed.

The product is made of cardboard.

The product is coated with a PLA layer (Polyactic).
