The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for *Conformité Européenne* (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

DIN CERTCO (Seedling) is a certification that guarantees that products comply with the EN 13432 standard. It is a symbol that products are either compostable or biodegradable, depending on what is stated in the logo.

The glass fork symbol guarantees that products have been tested in accordance with European legislation and approved for food contact. The symbol is mandatory on products used for food contact.

Polyactic is a type of plastic.

Can be custom printed.
