Underpad, ABENA Abri-Soft Superdry, 90x60cm, with SAP

- ✓ Absorbent fluff and SAP core
- ✓ Soft and smooth non-woven surface
- ✓ Rapid liquid absorption
- ✓ Liquid safe back sheet and sealed edges for extra protection
- ✓ Available in different sizes

Product Description

Abri-Soft Superdry is used as a protective, disposable underpad for e.g. beds and chairs. Suitable for incontinent users, but also for non-sterile procedures. The underpad contains both fluff and SAP, which encapsulates the liquid even faster and keeps the surface dry and comfortable. The odor system minimises unpleasant smells. In addition, the underpad has sealed edges for optimum leak protection, and the surface is covered with a soft non-woven material for enhanced user comfort. The use of disposable underpads reduces the risk of contamination. Abri-Soft Basic offers light to moderate absorbency and is available in different sizes. It is also available in a versions with flaps and a version with tape, which are useful for active or restless users, as the underpad is fixed on the sheet

Specifications

Base name	Underpad
Brand	ABENA
Sub-Brand	Abri-Soft Superdry
Secondary color	Light blue
Features	With SAP
Single or multiple use	Single use
Material	PE, fluff, nonwoven, SAP
Length/depth	90 cm

The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used throughout the world. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

Odor control is a critical factor in ensuring discreteness for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

Superabsorbent Polyacrylate is a raw material that can absorb and retain large volumes of liquid by forming a gel.

The product is only for single-use.

The product has a very soft surface to ensure a comfortable fit.

Liquid-safe backsheet for added leakage protection.

The diamond pattern maximises absorbency by spreading liquid across the channels in the underpad.
