Product Main Number 1000021334

Male product, ABENA Man Premium, Formula 0, grey, with release tape

- ✓ High performance core for fast absorption and dry surface
- ✓ Unique barrier system for extra protection
- ✓ Super soft materials for optimal comfort
- ✓ 100 % breathability supporting healthy skin balance
- ✓ T-shaped for better fit
- ✓ Odour Control system
- ✓ Dermatologically tested, Nordic Swan Ecolabel and FSC certified

Product Description

ABENA Man Premium is our product range specifically designed for male users to provide discreet security for light to moderate incontinence. The T-shaped protection shield is perfectly adapted to the male anatomy and offers an excellent fit to allow free movement. The extra soft topsheet offers ultimate comfort. The high performance core with Top-Dry Technology ensures fast absorption and a dry surface even after multiple voids, which helps maintain skin integrity. The fully breathable protective shields are fitted with a unique barrier system with built-in pockets for extra protection. The Odour Control system minimises unpleasant smells. The dermatologically tested products have been certified with the Nordic Swan Ecolabel and are made from FSC certified materials.

Specifications

The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. For more information, go to www.fsc.org.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

Odor control is a critical factor in ensuring discreteness for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

The product is fully breathable for the comfort of the user; also during long-time use. Helps maintain skin integrity.

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

A combination of 100% breathability, Top-Dry and leakage protection provides a dry surface and healthy skin even after multiple voids maintaining the skin's natural pH balance.

The product does not contain latex.

Drop system indicating absorption. The more drops, the higher the absorption. Ranges from 1 to 9 drops.

Unique Top-Dry Technology that provides a rapid absorption and ensures a dry surface even after multiple voids.

The bag with this symbol is made with at least 60% PCR-plastic materials (post-consumer recycled), previously used by consumers. This allows us to reduce our plastic waste and to help take care of the environment.
