### Pad, ABENA Let, Anatomic, white, blue colour-code, with SAP

- ✓ Solution for broad applications
- ✓ Support healthy skin balance
- ✓ Efficient core technology with Top-Dry Technology
- ✓ Discreet security with invisible leakage barriers
- ✓ Odour Control

### Product Description

ABENA Let Anatomic is ABENA's anatomically shaped multipurpose pad with non-woven backsheet. The efficient core with Top-Dry Technology ensures skin integrity and optimal skin care by keeping the exposed area comfortable and dry even after multiple voids. The fully breathable pads are fitted with invisible leakage barriers when lying down for extra protection. The Odour Control system minimises unpleasant smells. All products feature the Nordic Swan Ecolabel.

### Specifications

Base name	Pad
Brand	ABENA
Sub-Brand	Let
Size	Anatomic
Colour	White
Features	Blue colour-code, with SAP
Material	ECF fluff, nonwoven, PP, resin, SAP
Length/depth	44 cm
Width	20 cm
Tolerance	+/- 10%
Absorption Rothwell	500 ml
Gender	Unisex
Certificates	CE. Nordic Swan Ecolabel. MD. UKCA.
Nordic Swan Ecolabel License-No.	5023 0001
CE Class (Medical Devices)	Class I
Product or test standards	ISO 11948-1, ISO 13485, ISO 14001, ISO 9001
Directives, regulations and acts	MDR (EU) 2017/745

The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

Odor control is a critical factor in ensuring discreteness for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

The bag with this symbol is made with at least 60% PCR-plastic materials (post-consumer recycled), previously used by consumers. This allows us to reduce our plastic waste and to help take care of the environment.

The product is fully breathable for the comfort of the user; also during long-time use. Helps maintain skin integrity.

The Flow Through symbol indicates that the incontinence product can be used as a "booster", which means that the product can be placed into other incontinence products to provide extra absorbency. The booster products have a backsheet made of non-woven materials, where urine can flow through the backside of the product.

Drop system indicating absorption. The more drops, the higher the absorption. Ranges from 1 to 9 drops.

The product does not contain latex.

Unique Top-Dry Technology that provides a rapid absorption and ensures a dry surface even after multiple voids.
