- ✓ Dermatologically tested and recommended by Asthma Allergy Nordic
- ✓ FSC™ and Nordic Swan certified

Product Description

Bambo Nature is committed to providing comfy, absorbent nappy for your child but also to caring for the environment during our manufacturing process. Our nappys are produced with renewable energy (covered by renewable energy certificates) in our Danish production site. And at the same time, we ensure that our Bambo Nature nappys are completely free of dangerous chemicals and perfumes to minimize the risk of allergy and nappy rash. Our environmental commitment also extends to our nappy packaging, which consists of 30% post-consumer recycled plastic. The recycled materials originate from consumer household plastic waste, which is carefully cleaned and sorted by grade. The packaging should be recycled with other plastic waste. Our Bambo Nature nappys are FSC™ (Forest Stewardship Council), Nordic Swan, dermatologically tested and Asthma Allergy labeled. Bambo Nature – Because you care.

Packaging Disposal Instructions	Can be recycled or incinerated.

Instructions for use/application

Is your child ready to start potty training? Bambo Nature disposable Pants can help your child make a comfortable transition from baby nappys to no nappys at their own pace. The pants are thin and easy for little hands to pull up and down, even when they're in a hurry. Put them on and off as usual underwear.

The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

Asthma Allergy Nordic guarantees that the products have been assessed by experts from Asthma-Allergy Nordic. Products with the label do not contain perfume, and they pose a minimal risk of skin allergy.

Products with the Vegan symbol do not contain animal substances.

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used throughout the world. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

The EU Ecolabel, also known as the EU Flower, is the official environmental label in Europe. Products with the EU Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

Wetness indicator is a liquid-sensitive strip that changes colour or fades out indicating when it is time to change the product.

The product is fully breathable for the comfort of the user; also during long-time use. Helps maintain skin integrity.

The bag is 30% PCR, which means made from plastic materials used by consumers. This will allow us to reduce our plastic waste and to help take care of the environment.
