Product Description

For dry and dreamy nights. Bambo Dreamy is committed to providing comfy, absorbent night pants for your child but also to caring for the environment during our manufacturing process. Our night pants are produced with renewable energy (covered by renewable energy certificates) at our Danish production site. Furthermore, they are free of harmful preservatives, perfumes and parabens. Dreamy Night Pants are designed to give you and your child a better night's sleep, whether your child sleeps at home or with friends. With Dreamy Night Pants you can rest assured that bedwetting will not stand in the way of a carefree and comfortable night. Our environmental commitments also extend to our packaging, which consists of 30% post-consumer recycled plastic. The recycled materials originate from consumer household plastic waste, which is carefully cleaned and sorted by grade. The packaging should be recycled with other plastic waste.

The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

Asthma Allergy Nordic guarantees that the products have been assessed by experts from Asthma-Allergy Nordic. Products with the label do not contain perfume, and they pose a minimal risk of skin allergy.

Products with the Vegan symbol do not contain animal substances.

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used throughout the world. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

The bag is 30% PCR, which means made from plastic materials used by consumers. This will allow us to reduce our plastic waste and to help take care of the environment.

The product is fully breathable for the comfort of the user; also during long-time use. Helps maintain skin integrity.
