- ✓ Top-Dry Technology for dry surface, supporting healthy skin
- ✓ Efficient core technology for fast absorption
- ✓ Curved leg elastics for optimum fit.
- ✓ Leakage barriers for extra protection
- ✓ Wetness indicator
- ✓ Odour Control system

Product Description

Abena Slip Basic is our range of bladder protection briefs for moderate to heavy incontinency. The products feature the Top-Dry Technology, ensuring optimum comfort and supporting healthy skin integrity. The anatomically shaped briefs offer an optimal fit, with curved leg elastics for extra comfort. All products are fitted with leakage barriers and a built-in cross barrier at rear for extra protection. The Odour Control system minimises unpleasant smells. The combi tapes ensure an optimum fit and easy repositioning.

Packaging Disposal Instructions	Can be recycled or incinerated.

Instructions for use/application

Bladder protection briefs for moderate to heavy incontinence. Product size recognition by colour codes, names and numbering system. It is important to always measure the hip circumference to select the right size and to choose the correct absorbency level to avoid leaks. Fold the brief lengthways with the backsheet

ABENA · Egelund 35 · DK-6200 Aabenraa · Tel. +45 74 31 18 18 · info@abena.com · www.abena.com

MD

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

CE

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

UKCA

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

ODOR CONTROL

Odor control is a critical factor in ensuring discreteness for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

PROTECTIVE LEAKAGE BARRIERS

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

WETNESS INDICATOR

Wetness indicator is a liquid-sensitive strip that changes colour or fades out indicating when it is time to change the product.

LATEX

The product does not contain latex.

TOP-DRY TECHNOLOGY

Unique Top-Dry Technology that provides a rapid absorption and ensures a dry surface even after multiple voids.
