

Product Main Number 1000025237

Briefs, Delta Slip, L1

- ✓ Textile-like back sheet: Comfortable and breathable
- ✓ Efficient core technology for fast absorption
- ✓ Curved leg elastics for optimum fit
- ✓ Leakage barriers for extra protection
- ✓ Wetness indicator
- ✓ Odour Control System

Product Description

Delta Slip is our range of bladder protection briefs for moderate to heavy incontinency. The anatomically shaped briefs offer an optimal fit combined with curved leg elastics for extra comfort. All products are equipped with leakage barriers for extra protection and the Odour Control system minimises unpleasant smells. The combi tapes ensure an optimum fit and easy repositioning.

Shelf Life	5 years
Storage Instructions	Store dry, room temperature and no direct sunlight.
Product Disposal Instructions	Can be disposed of with normal household waste sorted according to local regulations, or if possible in your area by industrial composting.
Packaging Disposal Instructions	Can be recycled or incinerated.

Instructions for use/application

Bladder protection briefs for moderate to heavy incontinence. Product size recognition by names and numbering system. It is important to always measure the hip circumference to select the right size and to choose the correct absorption level to avoid leakages. Fold the brief lengthways with the backsheet turned outwards to create a bowl shape. Pass the brief from front to back. Pull out the brief horizontally at the front and the back. Shape it to create "pants with legs". Make sure it fits snugly into the groin area. Fix the bottom tapes angled slightly upwards on both sides and then fix top tapes angled downwards for a secure and comfortable fit.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

The product does not contain latex.

Odor control is a critical factor in ensuring discreteness for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

The product is equipped with barriers to prevent leakage.

Wetness indicator is a liquid-sensitive strip that changes color and indicates when it is time to change the product.
