- ✓ Textile-like breathable backsheet comfortable and discreet
- ✓ Efficient core technology for fast absorption
- ✓ Invisible leakage barriers for extra protection
- ✓ Anatomically shaped for better fit
- ✓ Odour Control system minimises unpleasant smells

Product Description

ABENA San Basic 3 and 4 are anatomically shaped pads with adhesive tape for light to moderate incontinence. The efficient core with Top-Dry Technology provides fast absorption and a dry surface, even after repeated urination. These pads are discreet and ensure an excellent fit and thus unrestricted freedom of movement. All products are fitted with invisible lying leakage barriers for added safety and the Odour Control system minimises unpleasant odours.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

Odor control is a critical factor in ensuring discreteness for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

Unique Top-Dry Technology that provides a rapid absorption and ensures a dry surface even after multiple voids.

The product does not contain latex.
