ABENA®

Absorbent anti-slip protective pad, ABENA, 3 layers, 100x75cm, white, airlaid/LDPE/nonwoven

- ✓ High absorption capacity
- ✓ Waterproof and anti-slip backsheet
- ✓ Suitable for use on examination tables, benches, floors or similar flat surfaces
- ✓ CE-marked
- ✓ Low linting
- ✓ Dermatologically tested

Product Description

The highly absorbent protective pad reduces the risk of fluid spillage in healthcare due to its absorbent feature. It also absorbs oils and is well-suited for industrial use. With its anti-slip treated film barrier, it stays firmly in place on examination tables, benches, floors and similar flat surfaces, reducing the risk of slipping accidents. The surface layer consists of soft nonwoven material. Together with the cellulose-based core, the pad absorbs fluids quickly and efficiently, helping to create a drier and cleaner environment. Well suited for use in nursing homes, hospital and veterinary examination rooms, operating rooms and sterile departments. Also ideal for use in, for example, the food industry or workshops where rapid absorption is crucial.

Specifications

Base name	Absorbent anti-slip protective pad
Brand	ABENA
Colour	White
Single or multiple use	Single use
Material	Airlaid, LDPE, nonwoven
Length/depth	100 cm
Width	75 cm
Weight, net	128 g
Layer quantity	3 layers
Absorption Rothwell	2000 ml/m ²
Certificates	CE. MD.
CE Class (Medical Devices)	Class I
Directives, regulations and acts	MDR (EU) 2017/745
Shelf Life	5 Years
Storage Instructions	Store dry, room temperature and no direct sunlight.
Product Disposal Instructions	Can be disposed of with normal household waste sorted according to local regulations. If contamination is suspected, the product must be discarded as clinical waste.
Packaging Disposal Instructions	Can be recycled or incinerated.

Instructions for use/application

Ensure the pad is laid flat with the waterproof backsheet facing down on a dry surface.
