

Product Main Number 1010002435

Hydrocolloid dressing, ABENA, 15x15cm, semi-transparent, Extra thin, latex-free, sterile, single use

✓ Extra thin, can be cut to size, easy application, occlusive, latex free

Product Description

Extra thin transparent hydrocolloid dressing covered with a semi-permeable polyurethane film which prevents bacteria and fluid from penetrating the dressing. Maintains a moist environment for wound healing. For acute and chronic wounds with low exudate. The dressing forms a moist environment for the wound that promotes healing. The dressing can be cut and must be applied with an overlap of approximately 2 cm beyond the wound edge. Take care when removing the dressing so that you do not damage newly formed tissue.

Specifications
