- ✓ Maximum absorbency
- ✓ Hygienic alternative to hand wiping
- ✓ One-sheet-at-a-time function, which increases hygiene and reduces consumption
- ✓ Smart and elegant packaging

### Product Description

Our hand towel is the hygienic alternative to fabric towels and hot air dryers. The paper hand towels are made from cellulose, which combined with the smooth surface and unique embossing provide maximum absorbency and help reduce consumption. The sheets are folded with a smart one-sheet-at-a-time function, that both reduces consumption and improves hygiene, as the user only touches the paper towel needed, thus avoiding the spread of bacteria.
