- ✓ Gentle on the skin, effective against dirt
- ✓ No colourant and fragrance
- ✓ Suitable for delicate and sensitive skin
- ✓ Contains glycerin that nourishes and protects your skin from dehydration
- ✓ For frequent washing

Product Description

ABENA's Hand Soap is a safe choice and the ideal solution for daily hand washing - not least for people with delicate and sensitive skin. The soap's pH value is adjusted so that it matches your skin's own pH, and so it does not contain neither colourants nor fragrance. This means that the soap can be used widely and as often as necessary, as it does not dry out and damage the skin. ABENA's Hand Soap is gentle on your skin, but effective against dirt and bacteria.

Instructions for use/application

Rinse your hands with water before applying the soap and wash them thoroughly for a minimum of 15 seconds. Rinse your hands and dry them thoroughly. If necessary, use a skin repair cream with added glycerin to prevent excessive dryness and subsequent skin irritation. For external use only. Avoid contact with the eyes. The soap is economical in use.
