

Product Main Number 161097

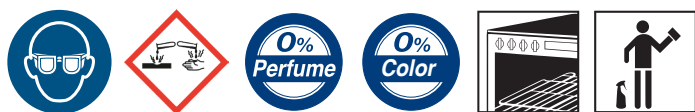

Oven and grill cleaning, ABENA, 1 l, ready-to-use, without colour and fragrance

- ✓ Effective cleaning of ovens, grills, cookware and the like
- ✓ Removes grease, proteins and sugary food residues easily and quickly
- ✓ Strongly alkaline

Product Description

ABENA's Oven and Grill Cleaner is a strongly alkaline product for cleaning roasting and baking ovens, roasting pans, baking trays, grill grates and grill elements, frying pans, cooking pots and similar alkali-resistant materials. Our Oven and Grill Cleaner effectively removes grease, proteins, sugar and similar stubborn build-up. Due to its high alkalinity, this cleaner should only be applied to surfaces made of glass, iron, stainless steel and alkali-resistant, enamelled surfaces. Oven and grill cleaner damages floor varnish, oil paint, aluminium, light metal alloys, synthetic coatings and linoleum and must therefore be used with caution.
