Product Main Number 161208

Washing, ABENA, 10 l, Liquid, colour and white, odour-absorbing, unscented and colourless

- ✓ Eliminates odour
- ✓ Ideal for sportswear

Product Description

Contains ingredients for effective elimination of the bacteria responsible for body odour. Does not bleach, and is ideal to use on colourfast textiles and equipment used for physical activity, which do not withstand high temperatures. Please note that this product should not be used together with ordinary soap, as this reduces its effectiveness.

Specifications

Base name	Washing
Brand	ABENA
Features	Liquid, colour and white, odour-absorbing, unscented and colourless
pH value (conc.)	5,8
Volume, Net	10 l
Directives, regulations and acts	(EC) 1272/2008, (EC) No 648/2004
Dosage Instructions	For soaking: 25 ml to 1 l of water. Machine wash: 50-100 ml for 4-5 kg of laundry. Please note that this product should not be used together with ordinary soap, as this reduces its effectiveness. Be careful with delicate fabrics (silk, wool and other delicate materials).
Washing Instructions	Soaking: Soak sportswear in a solution of 25 millilitres to 1 litre of water. Check that the laundry does not float on top, and leave to soak for approximately 30 minutes. Next, rinse garments thoroughly in clean water and then wash as usual. Soak sports footwear in a solution of 25 millilitres of product to 1 litre of water. Leave to soak for at least 30 minutes (ideally longer), and then rinse in clean water. Washing machine (4–5 kg laundry) – washing sportswear: With pre-wash: A wash cycle with pre-wash or soak is ideal for treating pungent body odour in sportswear, provided the machine has a separate pre-wash compartment and is approved for liquid products. Add 50–100 ml to the machine's pre-wash or soak compartment, and run a regular wash cycle (adding detergent to the main drawer) with pre-wash or soak at a minimum of 30 °C. Without pre-wash: A wash cycle without pre-wash or soak is ideal for regularly soiled sportswear to treat static electricity and eliminate odour. Add 50-100 ml to the machine's fabric softener compartment, and run a regular wash cycle (add detergent to main compartment) without prewash at min. 30 °C
