### Product Description

ABENA Fix Net are unisex thin mesh fixation pants for multiple uses. Mesh knit technology is based on warp knitting, a method in which the yarn is knitted in zig-zag stitches through the length of the fabric. ABENA Fix Net features horizontal stabilising zones, ideal for keeping larger pads securely in place. Despite the light construction, the mesh products are durable. ABENA Fix Net offer easy product recognition thanks to the colour code on the packaging and on the inside of the waistband. The packaging also contains information about product name, size, washing instructions and material composition. Made of 87% polyester and 13% elastane.
