- ✓ A cotton-based soft, breathable bodystocking for fixation of a incontinence product
- ✓ Zips in the leg, crotch and shoulder allow easy application and adjustment
- ✓ Single packed"

Product Description

Textile fixation pant for fixing a pad, worn as full-body underwear. The ABENA Fix Bodystocking is a soft and flexible bodystocking made of cotton and with sleeves and legs. The cotton material allows moisture to leave the skin, so the user feels dry and comfortable at all times. Discreet zips are situated in the leg, crotch and shoulder area allowing easy application and adjustment. The zipper is covered, protecting the skin from irritation. Size and washing instructions are indicated on the garment label. ABENA Fix Bodystocking has a colour code on its collar for easy product identification. And the packaging and product also contain information about product name, size, washing instructions and material composition. Made of 75% cotton, 20% polyamide and 5% elastane.

Instructions for use/application

Textile bodystocking for fixing a pad, worn as full-body underwear. It is important to select correct hip size for comfortable wear. Best durability achieved at 60° C washing. Close the zip before washing and place the zip head in a position where it is fully covered by the cover at the end of the zip. Do not expose the product to pressure such as pressing or calendering as this may damage the zips.
