The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for *Conformité Européenne* (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

CAT I products are only for products with minimal risk. Products with this certificate cannot be used for chemicals, microorganisms or mechanical risks.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

The glass fork symbol guarantees that products have been tested in accordance with European legislation and approved for food contact. The symbol is mandatory on products used for food contact.

The product does not contain latex.

The product is only for single-use.
