- ✓ Absorbent surface
- ✓ waterproof backsheet
- ✓ Perforated sheets for easy tear-off
- ✓ Available in various sizes

Product Description

ABENA Couch Rolls are designed specifically for examination tables and couches and are thus particularly intended for medical clinics, hospitals, dental clinics and clinics for physiotherapy, chiropractic, massage and similar settings. The couch roll has an absorbent surface, which, combined with the waterproof backing, ensures that liquids of various kinds do not penetrate the material. Fresh sheets tear off easily thanks to the practical perforations in the paper. Our professional grade Couch Rolls are available in different widths, so you are sure to find the specific variety that meets your requirements. ABENA Couch Rolls can be used with or without a dispenser.
