Product Description

Bambo Nature Sun Lotion SPF 30 gives you optimal sun protection through a wide selection of certified sun creams that cover the entire family's need for effective sun protection. Common to Bambo Nature sunscreens is that they protect effectively against the sun's harmful UVA and UVB rays, and at the same time they are light in texture and absorb quickly. All Bambo Nature's sunscreens are certified with the Nordic Swan Ecolabel and contain no colourants or perfume. The sunscreens are available in different sizes and come in tubes, with pumps or as a spray. Remember to avoid the harsh sun and apply sunscreen whether you are directly in the sun or staying in the shade.
