

Product Main Number 221432

Post-op dressing, ABENA, 10x15cm, white, latex free, sterile, single use

- ✓ Absorbent and breathable bandage
- ✓ Soft and flexible, conforms to the body
- ✓ Adhesive is colophony-free

Product Description

ABENA Post-OP dressing is made with a soft nonwoven backing with a skin-friendly acrylic adhesive. The soft polyester wound pad is absorbent and does not adhere to the wound. The dressing is soft and moulds to the contours of the body. The nonwoven backing allows the skin to breathe through the dressing. Use as a primary dressing for dry to slightly exuding wounds, such as cuts, abrasions, and for protection over sutured wounds.

Specifications

Base name	Post-op dressing
Brand	ABENA
Colour	White
Features	Latex free, sterile
Single or multiple use	Single use
Material	Nonwoven
Ingredients / Composition	Polypropylene, polyester, acrylic adhesive
