

Product Main Number 221437

Post-op dressing, ABENA, 8x10cm, white, Liquidproof, latex-free, sterile, single use

- ✓ Absorbent and breathable bandage
- ✓ Soft and flexible, conforms to the body
- ✓ With semi-permeable surface film, making it liquid-proof
- ✓ Adhesive is rosin-free

Product Description

ABENA post-op waterproof dressing is a soft and comfortable sterile dressing for smaller, low-secretion wounds as well as for sutured wounds. The upper side is nonwoven material with a semi-permeable polyurethane film on the outside. The upper side allows fluid from the wound to evaporate to reduce the risk of maceration during dressing. The wound pad absorbs excess fluid from the wound and prevents the dressing from sticking. The adhesive is skin-friendly and does not leave any adhesive residue. The dressing is liquid and bacteria-proof, as well as showerproof. Use as a primary dressing for dry to slightly exuding wounds, such as scratches, cuts, and abrasions, as well as protection over sutured wounds.

Specifications

Base name	Post-op dressing
Brand	ABENA
Colour	White
Features	Liquidproof, latex-free, sterile
Single or multiple use	Single use
Material	Nonwoven
Ingredients / Composition	Polypropylene, polyurethane, polyester, acrylic adhesive
Length/depth	8 cm
Width	10 cm
Weight, net	2.4 g
Weight, gross	4.2 g
Wound pad size	4 x 6 cm
Sterilization method	EO
Certificates	CE. MD.
CE Class (Medical Devices)	Class Is
Directives, regulations and acts	93/42/EEC
Shelf Life	5 years
Storage Instructions	Store dry, room temperature and no direct sunlight.
Product Disposal Instructions	Can be disposed of with normal household waste sorted according to local regulations.
Packaging Disposal Instructions	Can be recycled or incinerated.
