

Product Main Number 222211

Fixation binding, ABENA, 4m x 6cm, white, self-adhesive, non-sterile, single use

- ✓ Strong fixation
- ✓ Self-adhesive

Product Description

fixation binding with self-adhesive feature is a soft, crepe fixation band made of cotton, viscose, and polyamide coated with a thin layer of latex. This layer ensures the binding is self-adhesive—does not stick to bandages, skin or hair. Used for fixation of various bandages, as well as fixation of tubes, needles, and catheters.

Specifications

Base name	Fixation binding
Brand	ABENA
Colour	White
Features	Self-adhesive, non-sterile
Single or multiple use	Single use
Ingredients / Composition	36% cotton, 36% viscose, 28% polyamide
Length/depth	4 m
Width	6 cm
Weight, net	15.1 g
Weight, gross	25.9 g
Certificates	CE. MD.
CE Class (Medical Devices)	Class I
Directives, regulations and acts	MDR (EU) 2017/745

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The product contains latex.
