- ✓ Absorbent material
- ✓ Lightweight and hygienic solution
- ✓ Liquid safe back sheet and sealed sides
- ✓ Dermatologically tested
- ✓ Available in different sizes
- ✓ FSC

Product Description

Abri-Bed Regular protective sheets are used for the protection of e.g. beds and couches. The protective sheet has an absorbent surface and a liquid-safe back sheet, and the sealed sides provide optimum protection against leaks. The use of disposable protective sheets reduces the risk of contamination and improves hygiene. Abri-Bed Regular is available in different sizes.

Specifications

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The Dermatologically Tested symbol guarantees that products have been tested for potential skin irritations by an independent third-party laboratory.

The product is only for single-use.
