The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

Unique TopDry system that provides a rapid absorption and a dry surface.

ABENA's incontinence products are designed and engineered to ensure minimal odor arises from the product. Odor control is a critical factor in ensuring discreteness for the user.

The product is fully breathable making it more comfortable for a longer period of time.

Drop system indicating absorption. The more drops, the higher the absorption. Ranges from 1 to 9 drops.

The product does not contain latex.
