ABENA ABRI-CELL

Underpad, ABENA Abri-Cell, 8 layers, 90x60cm

- ✓ Absorbent core with multilayer tissue
- ✓ Soft and smooth non-woven surface
- ✓ Rapid liquid absorption
- ✓ Liquid safe back sheet and sealed edges for extra protection
- ✓ Available in different sizes
- ✓ Available with differing numbers of tissue layers

Product Description

Abri-Cell is used as a protective disposable underpad for e.g. beds and chairs. It is suitable for non-sterile procedures, such as wound care and blood tests, but it can also be used for incontinent users. The underpad has sealed edges for optimum leak protection, and the surface is covered with a soft non-woven material for enhanced user comfort. The use of disposable underpads reduces the risk of contamination. Abri-Cell is available in different sizes and in variants with 6 and 8 layers of tissue, depending on the required absorbency. Variants with 10 and 12 layers are available as special order items.

Specifications

Base name	Underpad
Brand	ABENA
Sub-Brand	Abri-Cell
Secondary color	Light blue
Single or multiple use	Single use
Material	PE, nonwoven, paper
Length/depth	90 cm
Width	60 cm
Weight, net	80 g
Tolerance	+/- 2 cm
Layer quantity	8 layers
Sterilization method	EO
Absorption Rothwell	800 ml
Certificates	CE. MD.
CE Class (Medical Devices)	Class I
Product or test standards	ISO 11948-1
Directives, regulations and acts	MDR (EU) 2017/745
Shelf Life	5 years
