### Product Description

Abri-Man Premium is our product range specifically designed for male users to provide discreet protection for light to moderate incontinence. The T-shaped pad is designed for the male anatomy and offers an excellent fit allowing free movement. Micro-punctured top sheet and Top-Dry System provides fast absorption and dry surface. Abri-Man is fitted with a unique barrier system with built-in pockets for extra protection. The odor system minimises unpleasant smells. These dermatologically tested products feature the Nordic Eco Label.

The Swan label, also known as the Nordic Swan Ecolabel, is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The Dermatologically Tested symbol guarantees that products have been tested for potential skin irritations by an independent third-party laboratory.

Unique TopDry system that provides a rapid absorption and a dry surface.

The product is equipped with a 360 degree barrier to prevent leakage.

ABENA's incontinence products are designed and engineered to ensure minimal odor arises from the product. Odor control is a critical factor in ensuring discreteness for the user.

The product is fully breathable making it more comfortable for a longer period of time.

Drop system indicating absorption. The more drops, the higher the absorption. Ranges from 1 to 9 drops.

The product does not contain latex.
