

Product Main Number 4227

Bodystocking, ABENA, S, white, with buttons

- ✓ Cotton-based soft, breathable bodystocking for fixation of an incontinence product
- ✓ Flexible and stretchable material for a snug fit holding the pad in place
- ✓ No seams preventing pressure marks and skin irritation
- ✓ Improved zips in the leg crotch and shoulder allowing easy application and adjustment
- ✓ Single packed

Product Description

Textile fixation for the fixation of a pad, worn as full body underwear for alleviation of incontinence conditions or disability. Abri-Fix Seamless Bodystocking is a soft and flexible cotton bodystocking with sleeves and legs. Cotton material ensures that moisture leaves the skin, leaving the user dry and comfortable. The seamless knitting technology – an innovative concept in producing clothing almost free of seams - prevents pressure marks and skin irritation. Zips are situated in the leg crotch and shoulder area allowing easy application and adjustment. The zip is covered, protecting the skin from irritation. Size and washing instructions are indicated on the garment label. 75 % cotton, 20 % polyamide, 5 % elastane

Product Disposal Instructions	Can be disposed of with normal household waste sorted according to local regulations.
Packaging Disposal Instructions	Can be recycled or incinerated.

Instructions for use/application

Textile bodystocking for securing a pad, worn as full body underwear. It is important to select the correct hip size for comfortable wear. The bodystocking can be fully opened (both in the crotch and shoulder zips), allowing easy application and adjustment. Adjust and ensure the bodystocking is correctly fitted before closing the zippers to prevent any damage to the user or the product. It can be washed at up to 90°C, but best durability is achieved at 60°C washing. Close zipper before washing and place zipper head in position where it is fully covered by the "garage" in the end of the zipper. Do not expose the product to pressure such as pressing or calendaring as this may damage the zippers.
