STANDARD 100

Product Description

With its high viscose content, this all-round cloth boasts excellent absorbent capacity and is thus an indisputable asset in any kitchen – whether industrial or private. This washcloth is satinised, which increases its strength and ensures a longer life when washed. The perforation gives the cloth good absorption capacity. At the same time it makes the cloth more hygienic, as the small holes make it easier to rinse dirt and grime out of the cloth.

Specifications

Base name	Multi-purpose cloth
Colour	Multicolored
Features	Perforated
Material	PP, viscose
Ingredients / Composition	85% viscose, 15% polypropylene
