- ✓ Very soft material
- ✓ 2-ply rolls ensure optimal absorbency
- ✓ High-quality kitchen roll

Product Description

If you're looking for kitchen towel of the best quality, ABENA's Care-Ness Excellent range is a good option! The paper is made from virgin fibre, which is a top performer in terms of absorbency, strength and comfort. This provides you with maximum absorbency, the softest texture and economy of use. In other words, it is a good alternative if you want to reduce consumption out of consideration for the environment. The embossed finish makes it even softer.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. FSC™ Mix means the product consists of a blend of FSC certified wood and recycled materials. For more information, go to www.fsc.org.

The glass fork symbol guarantees that products have been tested in accordance with European legislation and approved for food contact. The symbol is mandatory on products used for food contact.

POGI (Partnership for Public Green Procurement) is a community of municipalities, regions and public organizations. The purpose is to make it easier for the public sector to buy environmentally-friendly products.

The EU Ecolabel, also known as the EU Flower, is the official environmental label in Europe. Products with the EU Ecolabel meet stringent environmental requirements with regard to raw material production, use, documentation and safety.
