CE CAT II OEKO TEX® STANDARD 100

Product Description

OX-ON Flexible Advanced 1900 is the class's all-rounder of the highest quality and touch has been added so you can operate your phone, tablet and other displays without taking the glove off. The gloves are also approved for handling food. The glove is extremely durable and fits as if it were cast on your hand. The fit is exquisite and extremely comfortable to wear day after day - whatever your occupation. OX-ON Flexible Advanced 1900 is knitted in nylon and elastane, giving you unique breathability while providing unmatched flexibility and comfort. The palm and fingers are coated with a special-grade nitrile foam that retains excellent fingertip touch sensitivity and a precise, secure grip. The Advanced 1900 glove is OekoTex certified. This is your guarantee that the glove does not contain chemicals or dyes that are hazardous to health or the environment. In addition, the glove is Sanitized treated to feel fresher for longer and protect you from germs and perspiration odor. A special glove in a class of its own!

Sanitized More than clean | EN 407 | EN 420 | EN388

Specifications

Base name	Work glove
Brand	OX-ON

CE

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The glass fork symbol guarantees that products have been tested in accordance with European legislation and approved for food contact. The symbol is mandatory on products used for food contact.

CAT II

Third-party type approval is required for all Category II personal protective equipment (PPE) products. Displaying the CE logo for chemical protective gloves requires that tests are carried out in accordance with test standards specified in EN ISO 374-1: 2016 + A1: 2018 - such as EN 16523-1: 2015 + A1: 2018 to determine the resistance to the permeation of chemicals. The results of this test determine the relevant pictogram symbols that can be used on the packaging and labeling.

OEKO TEX® STANDARD 100

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used throughout the world. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

EN388

The standard specifies the requirements for protective gloves against mechanical risks.
